PARK TOOL 10 HOUR HOME MECHANIC COURSE

Bike maintenance course for the home mechanic.

Suffering from a bottom bracket that just won't stop squeaking? Can't quite get your gears changing properly? This is the course for you!

Join us for five in-depth evening sessions or a weekend course on bike maintenance that covers everything you need to know and is taught by one of Christchurch's most experienced mechanics. This is a Park Tool (<http://www.parktool.com/>) accredited intermediate course and you will receive a fantastic colour Park Tool maintenance manual and Certificate of Attendance as part of the course fee. Participants will need to bring their own bikes.
